Ryan Waller

1606 W. 39th St.; Apt. 3W
Kansas City, MO 64111

816-832-2490   rdwaller@gmail.com   https://github.com/rdwaller/

Technical Background:

Python, Flask, Jinja, SQLAlchemy, Javascript, Jquery, HTML, CSS, Bootstrap, Git

Project Experience:

"Blogz" *(https://github.com/rdwaller/blogz)*
A project completed in LaunchCode LC101 that allows users to signup, create, and read blog posts.
Utilized Python, Flask, SQLAlchemy, Jinja, and HTML.

"AutoLex" *(https://github.com/rdwaller/liftoff-assignments)*
Self-directed project in-the-works that will, given user-selected parameters, automatically generate
flashcards for the lexicon of an entered or uploaded text. Project will utilize Javascript, JQuery,
MongoDB, Express, React, Node, CSS, and Bootstrap.

Work History:

Board Certified Hearing Instrument Specialist - Hearing Lab Technology, Kansas City, MO
April 2015 - Present
Developed and maintained patient base through regular in-person, phone, and written correspondence.
Conducted hearing tests using Avant A2D, guided selection of appropriate instruments, adjusted
instruments using ClearFit, counseled patients, serviced instruments, administered verification measures
(LSM, FF).

Licensed Hearing Instrument Specialist - Beltone Midwest, Kansas City, MO Metro
January 2012 - April 2015
Developed and maintained patient base through regular in-person, phone, and written correspondence.
Presented community-outreach seminars. Received Beltone's "Master Hearing Aid Practitioner" and
"Pacesetter" performance awards (2013). Conducted hearing tests, guided selection of appropriate
instruments, adjusted instruments using NOAH and SolusPro fitting software, counseled patients,
serviced instruments, administered verification tests and questionnaires (LSM, COSI).

Accent Modification Instructor - University of Missouri, Columbia, MO
August 2010 - May 2011
Implemented accent modification techniques to visiting scholars. Researched accent modification
strategies, created lesson plans, recorded data, presented progress reports, and held regular conferences
with clients.

Speech & Language Assistant Clinician - Soliant Health, Angola and Fowler, Indiana
December 2008 - June 2010
Provided speech and language services for public and private school students in grades K-12.
Implemented speech and language therapy, proposed goals for new and existing clients, planned therapy
sessions, scheduled and held conferences with parents and staff, and maintained positive rapport with
students and parents.
